Travel Policy

- Multi-day events: a shared hotel room will be provided if an official lives 35 miles or more (one way) from their assigned tournament site
- Mileage is no longer included in your payment for officiating. Please contact your tax professional to learn how to recoup those costs on your year-end tax filing.
- Per Diem \$25 per full day and \$15 per half day

Officials should contact the specific tournament director of Club Hosted events for clarification of their Travel policy. A tournament director is not required to provide the official with a room. If they do, consider that a benefit. There is also no requirement that a tournament director help you with mileage or parking fees. Again, if they do, consider that a benefit.
