

**How to Possibly Trim
3+ Hours
From Your Tournament Days
(With Efficient Time Management)**

Did you know?

(given 12 matches per court for the day, average score 25-15, 3 matches going to 3)

- 30 extra seconds per time-out adds 54 minutes to your day?
- 1 extra minute between sets, and 2 extra minutes between matches adds 37 min
- 8 extra seconds for each sub (given 6 subs per team) could add 32 minutes?
- 8 extra seconds for line judges and refs to resume their places after timeouts (after hanging out at the ref table) can add 14 minutes?
- 3 extra seconds allowed for each serve adds 52 minutes?!
- 1 or 2 extra minutes for warm ups given to each team or match can add 24+ minutes.

All totaled, that would be an extra 213 minutes, or 3 hours and 31 minutes added to your day!!!
